

MANAGEMENT MENTALITY

FINANCIAL AND OPERATIONAL PROCESSES

HUMAN RESOURCES PRACTICES

CONTRIBUTION TO SOCIAL DEVELOPMENT

TARGET

To support aid projects

To carry out studies for public health

To pioneer the studies on public health

To support the outreach projects organized by Non-Governmental Organizations (NGOs)

To conduct campaigns on social awareness days

ACTUAL

Abdi İbrahim has provided its support for the "Grandmother Project" initiated by the Turkish Republic Ministry of Labor and Social Security in order to support women employment, and has undertaken the aids to be provided to

500

families.

HBVIZYON PROJECT WAS LAUNCHED

against Hepatit B, which is a major health problem in Turkey.

Within the scope of the RATIONAL MEDICINE USAGE CAMPAIGN,

launched in 2012 on unconscious use of medications, the second research was conducted in 2017 and the results were shared with the public and awareness activities were conducted on social media.

Abdi İbrahim employees ran with the **Cancer Free Life Association in Istanbul Marathon** to support the renovation project of the **oncology service of Ümraniye Training and Research Hospital**.

Abdi İbrahim employees participated in the **Runatolia Marathon** to provide **free trained nurse visits** to the homes of Alzheimer's patients.

Various projects have been carried out in certain days such as **World Lymphoma Day, Breast Cancer Awareness and Consciousness-Raising Month, World Cancer Day, International Women's Day, World Parkinson's Day, Polycystic Kidney Patients' Day, World Alzheimer's Day, and Iron Deficiency Day**.

ENVIRONMENTAL APPROACH

TARGET

To accomplish exemplary projects

To minimize the energy consumption with efficiency-focused projects

To reduce water consumption with efficient recovery methods

To reduce the amount of wastes

To reduce paper consumption

ACTUAL

Abdi İbrahim has created the "Umut (The Hope) Forest" with a project it has undertaken for one of its products, by planting

5.000 SAPLINGS IN THE NAME OF PHYSICIANS IN

the forest land determined in the Çanakkale-Lapseki region.

Amounts of savings achieved in 2017

43,223 m³ natural gas

3,481,200 kWh electricity

Amounts of savings achieved in 2018

917,903 kWh of electricity

In 2017,

47m³

of water was saved by increasing the number of campaigns for certain products and reducing microbiological tests at 7 water points.

In 2018,

1.050M³

of water was saved by reducing the number of annual production of certain products.

In 2018, THE AMOUNT OF ALCOHOL USED DECREASED BY 1.819 KG

as a result of process improvement activities.

AMOUNT OF MEDICAL WASTES WAS REDUCED BY 240 KG

as a result of reducing the number of microbiological controls of pressurized gases from two controls down to one control.

In 2017 and 2018,

12.283 KG

of paper was saved as a result of modifying the design of the boxes of certain products.

Thus,

204 TREES

were prevented from getting cut down.

PRODUCT AND SERVICE LIABILITY

TARGET

To respond to the inquiries of patients and healthcare personnel about product use fully and rapidly

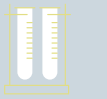

To fully comply with legal regulations in force in the area of product liability

To establish an internationally recognized pharmacovigilance system
